ON THE COVER

All aboard for adventure — and a wonderful meal! The warm summer air carries the distinct smells of delightful food, warm creosote and diesel fuel as passengers young and old begin their trip back to the great days of railroading aboard the Dinner Belle. Since the 1970s, many railroad museums and private firms have been serving up nostalgia and fine food aboard restored rail equipment. Our new Dinner Belle makes it easy to add color to your collection, or bring a piece of the past to your modern HO layout too. The series includes everything you need — PROTO 2000® F7A unit diesels, three matching passenger cars, and a special station kit — to make modeling these unique operations fast and fun. Turn to page 15 for details on adding a dinner train to your layout.

Model the Flavor of the Past... in the Present

Think the days of elegant dining aboard a flashy streamliner are long-gone? Not when the Dinner Belle begins operations along your HO line!

Since the 1970s, railroad museums, little theater groups, private car owners, shortline operators and a host of others have served up a slice of life from the 1940s and 50s aboard colorful dinner trains, working out of restored railroad buildings and equipment.

While your layout may hum to the beat of modern EMD and GE power racing intermodal and unit coal trains,

a dinner train is an easy and accurate way to add the flavor of the past to your railroad. A "restored" depot, cars and a classic F unit or two can add a fun wrinkle to an operating session, or a colorful scene alongside the tracks in any town or city.

Modeling the operation is easy, with the new Cornerstone Dinner Belle Station kit, PROTO EMD F7 in Sound & DCC or Standard DC versions, and three matching streamlined cars. Add your finishing touches with figures, vehicles and other modern accessories to bring the scene to life. Turn to page 3 to order your Dinner Belle.

Your Foundation for Fun

From main line to Main Street, railroads built America. And no matter where the tracks run on your layout, capturing the look and feel of real buildings brings your railroad to life.

Since 1989, HO and N Scale modelers working on layouts big and small have made Cornerstone their number one choice for authentic structures.

With the widest range of kits and assembled models available, Cornerstone makes it easy to add anything from a blast furnace to a bridge to your layout — and there are more new models coming soon!

Building more realism into your layout is easy! For more about current and future Cornerstone structures, visit www.waltherscornerstone.com, or stop by your local hobby shop.

Kato Brings Chicago Commuter Rail to N Scale

The distinctive MP36PH, manufactured by Motive Power Inc., is utilized by regional transit agencies throughout the US and Canada. In Chicago, they operate on busy Metra lines pulling modern Nippon Sharyo-built gallery bi-levels.

Kato's MP36H locos come equipped with a five-pole motor, LED directional lighting, illuminated numberboards and a DCC-friendly mechanism. The cab coaches have directional lighting for push-pull operation. All bi-level cars feature smooth rolling blackened metal wheels with all-wheel electrical pickup.

Did You Know?

In many areas, electricity has been moving trains for decades. These operations also require a distribution system to power the trains.

Trolleys use wire supported on trackside poles, and a sprung pole fitted with a contact wheel or shoe.

Busy routes use overhead catenary, and rooftop pantographs that slide along the wire.

Third rail systems have a powered rail alongside the tracks, and engines are fitted with contact shoes.

Stylish Accommodations for City Goers

Conventions, shopping, nightlife, restaurants, sports and more draw plenty of people into the city. While there, they need a place to stay and the Ashmore Hotel nestled in your bustling town will be first choice for all your city visitors. In some places, hotels like this were converted to condominiums or long-term rental units so it's also a great residential structure with main level shops.

HO Ashmore Hotel Kit

- 11-Story Block Construction
- Granite Facade
- Ornate Trim
- Includes 1900s, 1950s & Modern Street-Level Facades
- Combine Kits for a Taller, Wider or Longer Model
