Dear Friends,

During this wonderful season, many of us recall model trains among our favorite holiday memories.

Passing on that special excitement to family and friends is even easier today! A new holiday-themed set can bring some extra magic to your home this year, adding light, movement and sound to your tree or Christmas village scene. And of course train sets of all kinds can be a steppingstone to a lifetime of model railroading fun that encourages creativity and hands-on learning after the holidays.

During this special season, I enjoy sharing our latest train set with my grandchildren – all model railroaders in training.

For 80 years, we've been honored to help families just like yours carry on or start a tradition of making model trains part of your holiday celebrations. On behalf of everyone here at Walthers, Merry Christmas, and a happy and healthy 2012!

Phil Walther

On the Cover... Steam heat and warm memories keep passengers comfortable on this cold winter evening. Twinkling lights at trackside slip past the frosty windows of the streamliner as it speeds riders towards their own holiday homecoming. Featured models in this HO Scale scene include the Lancaster Farmhouse (#933-3333), Meadowhead Barn (#933-3330), Fieldstone Barn Base & Ramp (#933-3331), custom-painted Preiser figures, assorted scenery materials, and a little "holiday magic" for the lights and decorations.
