

Gold Hill Central 48" x 72"

Layout plan from: *101 More Track Plans for Model Railroaders* courtesy of Kalmbach Publishing

This rough and ready shortline delivers plenty of operating possibilities, serving a small town and the nearby mining camps. The track in the upper right could lead to a yard or staging tracks holding additional cars or complete trains.

Save big now by buying all the track pieces you need for this layout at one time. We're offering the entire package at great price for a limited time only at walthers.com so don't delay.
