### Did You Know?

Many vehicles available in N and Z Scales are one-piece castings that can be brought to life with a little work.

Once the body is painted, give windshields and side windows a coat of light or sky blue. A few swirls of white can simulate overhead clouds.

Decal stripes can be used for bumpers, chrome trim and door handles.

Finish with a coat of gloss for a clean vehicle, or mask the glass areas, and overspray with a flat finish to simulate a vehicle that needs to be washed.
