

Finishing Touches for Your Ethanol Operations

HO Tank, Pipes, Loading & Unloading Racks

933-2980 \$74.98 April Delivery
Includes Ethanol Storage Tank, Rail & Truck Loading Facilities, Piping and More

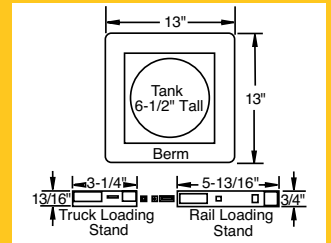

From field to fuel tank, ethanol provides plenty of traffic for prototype railroads. And with the new North American Ethanol series from Walthers, it's easy to add a typical plant to your contemporary HO layout. With seven new Cornerstone® structure kits (many adaptable to other modern industries), three all-new Gold Line™ freight cars, and specially decorated PROTO 2000® SW9/1200 diesels, you'll have everything you need to build and operate a complete facility. Structure kits and locos are now in stock — watch for new cars soon! Visit your participating hobby shop for complete details or to reserve future releases.
