

New Vendors Climb Aboard

In the constant pursuit of providing you with as many diverse products as possible, Walthers has added four new lines to its stable of vendors. The N Scale Architect (#716), MNP (#517), Monroe Models (#493) and Creative Horizons (#209) have all joined the Walthers “family.”

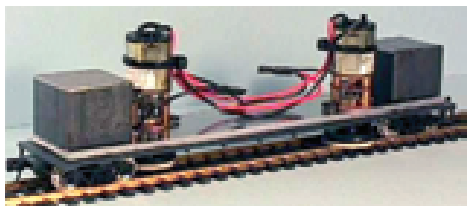

The N Scale Architect

Quality Meat Packers from The N Scale Architect

The N Scale Architect offers a line of laser-cut, wood structure kits, perfect for N Scale enthusiasts' layouts and NTRAK modules. Each Master Craftsmen Series model features laser-cut wood parts, high-quality instructions, attention to detail and a creative design. They also have numerous detail parts and accessories available.

MNP

Motorized Track Cleaning Car from MNP

MNP is an engineering group focusing on creating unique, new products that will enhance the modeling experience and make it more fun. Their line includes HO Scale dual motorized track cleaning cars. These fully assembled cars feature Walthers car bodies; high-torque electric geared motors; pressure-sensitive, easily adjustable cleaning discs; and easy peel-and-stick pads. Keeping your track clean has never been easier.

Monroe Models

Stone Arched Bridge from Monroe Models

Monroe Models offers a line of detailed N Scale bridge kits. Cast in high-density gypsum stone (some with white metal detail parts too), these models give you four different designs to choose from: stone arch, concrete, art deco and trestle and girder. The latter three also include highway warning signs. Every era of modeling is covered, making these kits a must-have for your layout or diorama.

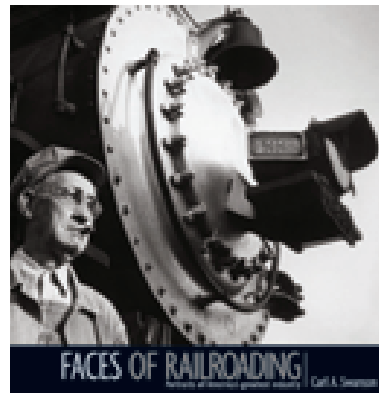

Creative Horizons

In the never-ending search for realism and authenticity, modelers often need to be precise down to the smallest measurements. New vendor Creative Horizons offers a line of stainless-steel scale rulers that makes such exactness possible. With flexible rulers designed for N, HO, S and O Scales, nearly every railroader is covered!

HO Scale X-act Flexible Ruler from Creative Horizons

Faces of Railroading

Through time and tides, American railroads have witnessed both the good times and the bad. From the Great Depression to World War II and into the Postwar Industrial Boom, railroads have run the gamut. What most never think about is the fuel behind the rails—the unsung heroes of everyday life.

Model Railroader senior editor Carl Swanson brings these people to the forefront in his latest hardcover collaboration with Kalmbach Publishing. Using striking black-and-white photographs, Swanson captures bygone scenes of the “Average Joe” intersecting with the greatest industry America has ever known. Featuring 160 pages full of black-and-white photos, this book offers a trip into the past to meet the ever-important stalwarts of an elder age. The book is scheduled for release at the end of April 2004.

160-82601 Painted - Unlettered (Black)

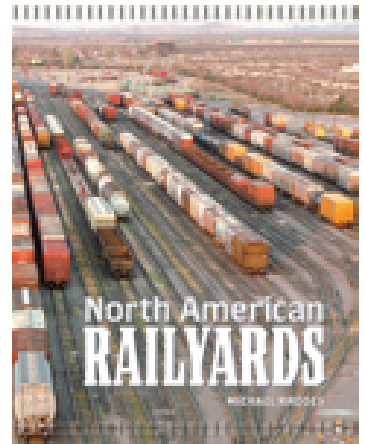

STEAM C-16 BALDWIN 2-8-0 POWERED W/SOUND - ASSEMBLED LIMITED-RUN EA 269.99 - On30 GAUGE

Each Broadway Limited loco features a powerful five-pole can motor with flywheel; diecast locomotive and tender chassis; detailed tender underbody; plated bell and whistle; and many prototypical added-on details like piping and appliances. Also includes prototypical cab interior operating headlight, authentic paint scheme and correct locomotive numbers, and magnetic knuckle coupler on tender. Engines can be used on Code 70, 83 and 100 rail, and can be operated on minimum 18" radius curves. Models feature factory-installed Quantum sound system with dual speakers.
 187-900 DRGW #268 (black, Flying Rio Grande; round domes)
 187-901 DRGW #278 (black, Flying Rio Grande; fluted domes)
 187-902 DRGW #271 (black, full name & "Scenic" herald)
 187-908 Painted, Unlettered w/Round Domes (Based on DRGW #268)
 187-909 Painted, Unlettered w/Fluted Domes (Based on DRGW #278)
 187-910 Holiday (red)
 187-911 Holiday (green)

PURE POWER DUAL CONTROL

Each side of this Model Rectifier Corp. AC transformer offers seven amps of power and 0-21 VAC of smooth, realistic variable control. It will run all AC powered trains and their sound systems. Each throttle has its own separate amp meter and voltmeter so you can monitor your layout conditions. Features 14V AC terminals for accessories, a power indicator light, bell and whistle/horn sounds, over 270 watts to the track, and rugged retro looks, making it an attractive addition to your layout.
 500-AH601 Pure Power Dual Control (250 Watts) 329.98

NORTH AMERICAN RAILYARDS

This comprehensive, illustrated guide from MBI Publishing is the definitive reference to major North American railyards; more than 70 in all! Over the past 13 years the author has visited each yard gathering brief histories, operating data, photographs and information on unique characteristics. In the relatively few cases in which yards have been downsized or closed, the author includes the most recent information. Hardcover, 240 pages, 200 color and 50 B&W photos, 20 diagrams, 8-1/4 x 10-5/8".
 503-136276 Book North American Railyards 34.95

NEW VENDOR CREATIVE HORIZONS X-ACT FLEXIBLE SCALE RULERS

In the constant search for realism and authenticity, modelers often need to be precise down to the smallest measurements. New vendor Creative Horizons offers a line of stainless-steel scale rulers that makes such exactness possible. With flexible rulers designed for N, HO, S and O Scales, nearly every railroader is covered!

CAT® #730 ARTICULATED TRUCK - HO SCALE

This officially licensed Caterpillar diecast scale model replica is a great addition to a layout scene, and makes a superb flat car load or display model. This Norscot model is made from the original blueprints of the real-life machine to ensure a truly authentic reproduction. Fully assembled and finished in official CAT colors, it also features many moving and/or positionable parts. 526-55130 CAT #730 Articulated Truck 19.98

CITY - COUNTRY SOUND STATION 552

With 18 high-quality sounds, Model Rectifier Corp. makes any layout more realistic than ever. Place one speaker in a country setting and the other in an urban setting; then select the sounds that correspond with the speaker locations (rain, thunder, crickets, sirens, jackhammers, etc.). Add sound on sound for added realism. Includes a two-way speaker system, handheld controller, and hefty five-watt amplifier.

500-AA552 City - Country Sound Station 552 74.98

MINI-METALS AMERICAN AUTOMOBILES

Street scenes come to life in seconds with these fully assembled, licensed replicas of American autos from Classic Metal Works. Great for diesel-era layouts, the highly detailed diecast bodies are painstakingly finished in official factory paint colors. Next, they're pad printed to capture other details like chrome trim and graphics. Each model has a full interior and movable parts like hoods and lift gates (as appropriate). The models also feature plated parts to simulate chrome hubcaps, wheels, grilles and bumpers. Clear plastic windows and lights, as well as real rubber tires complete the standard equipment on every model.
