

HO Scale Kit PIPING KIT 933-3105

Thanks for purchasing this Cornerstone kit. All parts are made of styrene plastic, so use compatible paint and glue. Please read these instructions and study the drawings before starting construction.

Perfect for detailing refineries, this kit can also be used to customize other large industries that use pipelines to move raw materials and finished products. The sketch at left shows some typical ways that the various pipes, valves, elbows, supports and other fittings can be combined to fit your particular scene. Additional kits can be combined for larger installations.

For additional details and accessories to add the finishing touch to your model, visit your local hobby shop, see the current HO Model Railroad Reference Book or visit us online at walthers.com.
