

HO Structure Kit

GRAIN DRYER

933-3128

Thanks for purchasing this Cornerstone Series Kit. Please read all instructions before starting. All parts are molded in styrene plastic. Use glues and paints which are compatible.

Assemble the dryer supports as follows. Glue the two ends (17) to the two sides (16). Then glue the dryer support assembly to the base (15). Assemble dryer as follows. Glue the ends (12) and (13) to the sides (11) and the roof (14). Glue the motor (20) to the end (12) and the roof. Glue the platform support brackets (22) and (23) and the railing (18) to the platform (27). Glue the platform assembly and the ladder (26) and the bottom outlet (24) to the end (13). Glue the dryer to the support brackets and base. Glue the gas pipe (21) to the end (13). The remaining gas pipe (19) and (25) should be arranged to suit for use with our LPG Tanks 933-3129 not included in this kit. Glue the dryer inlet pipe (28) to the roof and the Grain Conveyor 933-3124 also not included.
