

WALTHERSPROTO®

Scale Test Car

\$49.98 Each

- Prototypes used for decades to calibrate track scales at industries, railroad shops, yards and other facilities
- Use with the re-release of the Cornerstone® Track Scale Kit (#933-3199, sold separately) to enhance your operating sessions
- Use as a flatcar load between industries
- Makes an eye-catching addition to the rear of a short-haul freight
- Perfect for displaying on sidings and spurs at industries
- Diecast body for maximum weight
- Two different hand brakes
- Three different side access doors
- Two different top access doors
- Factory installed wire grab irons
- Multiple photo-etched brass placards
- Roadname-specific reporting marks, stencils and other printing
- 33" metal wheels
- Proto MAX™ metal knuckle couplers

Pre-production tooling sample shown.

85' Viewliner I Sleeper

Lighted \$124.98 Each

Unlighted \$109.98 Each

- Prototype Viewliners designed in the late 80s to replace aging heritage equipment
- Designed as a single level car primarily for eastern routes due to tunnel clearance issues
- Production units were built by Amerail/Morrison-Knudsen and entered service in 1995, with many still serving today
- Cars featured roomettes, bedrooms and an accessible bedroom with space for a wheelchair or mobility device
- Easily spotted by the double row of windows
- Models feature improved tooling and details
 - Now with full interiors
 - Improved diaphragms
 - GSI metal truck for electrical pickup
 - Factory installed wire grab irons
 - Detailed underbody
 - Accurate Amtrak paint schemes and graphics
 - Realistic plated finish on car body
 - Available with factory-installed LED interior lighting
 - Correct 36" metal wheels
 - Proto MAX™ metal knuckle couplers

Pre-production tooling sample shown.

WALTHERS MAINLINE

40' Double Sheathed Wood Boxcar

\$34.98 Each

- Based on later rebuilds and upgrades of older, wood boxcars
- Originally built during WWI, some rebuilds remained in service into the 1960s
- Some saw work train service into the 1980s
- Correct lower height brings realistic variety to steam- and diesel-era freight trains
- Highly detailed one-piece body simulates double-sheathed construction
- 5-5-5 Murphy steel ends
- Flat steel roof

- Wood running board
- Fishbelly underframe
- Vertical handbrake staff
- Andrews trucks
- Finely detailed AB brake gear
- Correct 33" turned-metal wheelsets
- Proto MAX™ metal knuckle couplers
