SEASON'S GREETINGS FROM WALTHERS

**The holiday season is here, and magic is in the air!** With the tree aglow, festive wreaths adorning doors, and the aroma of cocoa wafting through the kitchen, there's a special warmth that fills our homes. And when a beloved train starts to chug around the tree, it sparks joy and nostalgia, inviting friends and family to share cherished memories from Christmases gone by.

As we gather to celebrate this wonderful time of year, we're grateful for the role we play in making your traditions special—now and always. From all of us at Walthers, **we wish you a Merry Christmas and a joyful, safe New Year in 2025!**

**COVER STORY:** Christmas mornings have always been a time of pure magic, and nothing captured the wonder quite like the excitement of unwrapping a new train set. The thrill began as you sneaked down the stairs, heart racing at the sight of the large box under the tree. You could almost hear the soft clickety-clack of the tracks in your imagination.

As you peeled back the wrapping paper, the world faded away, and it was just you and the promise of adventure. The engine, fresh and shining, sparked dreams of journeys through snowy landscapes and bustling towns. With each piece you set up, you weren't just assembling a model; you were building a world filled with stories waiting to unfold.

At Walthers, we're here to help you recreate that unforgettable moment for the next generation or relive it yourself. Be sure to check out our Holiday Gift Guide on page 3 for gift ideas that will make this season truly special!

## HO Railroad Car Float

Walthers Cornerstone®.

Great addition to steam- or diesel-era harbor scenes, this detailed HO Car Float kit is typical of equipment used by many railroads to ferry cars to and from isolated areas. Waterline model has no hull, so it fits easily into new or existing scenery. Includes three plastic tracks for easy construction, and the finished model will look great with the Cornerstone Railroad Tug Boat (933-3153) and Car Float Apron (933-3068), both sold separately.
